

DISTORTION

THE MASTERFUL DISGUISE OF EVERYDAY OBJECTS

One of the best-known Palatino PostScript clones is “Book Antiqua” (originally by Monotype), distributed with much Microsoft software. [57] It is one of many clone PostScript typefaces distributed by Microsoft and Monotype around this time, including Arial (a clone of Helvetica), Century Gothic (ITC Avant Garde) and Bookman Old Style (ITC Bookman). [47] [58] Book Antiqua resembles Palatino extremely closely and is almost
