FORMAT -2017 Catalogue Collection

ORGANIC LINEN JERSEY

ORGANIC WILD
SILK

ORGANIC WOOL
FROM AUSTRIA

Format is conscious of their production and the environmental fingerprint they are leaving behind. The brand stands for products which are produced using sustainable materials, which are all GOTS-certified (The Global Organic Textile Standard) in order to retain the clothes as environmentally conscious as possible. The brand's most commonly used materials for production are fabrics gained from wild silk, linen jersey and organic wool from Austria, artificially enhanced fabric does not make the cut at this brand and is not used for production in any way or form. Furthermore, All their materials are purchased as locally as possible, as well as produced in Germany or in neighboring European countries, and of course to fair working conditions.
