PREVENT THE SPREAD OF COVID-19 IN NYC!
TAKE THESE STEPS:

Stay home
Stay home if sick or if you test positive for COVID-19.

Wear a face covering
You can be contagious without symptoms. Protect yourself and those around you by wearing a face covering.

Get tested
If you haven't been vaccinated, get tested for COVID-19 often. Even if you have been vaccinated, get tested right away if you have symptoms.

Keep physical distance
Stay at least 6 feet away from other people.

Keep your hands clean
Wash your hands often with soap and water or use hand sanitizer if soap and water are not available.

Get vaccinated
Safe and effective COVID-19 vaccines are available to all New Yorkers age 16 and older.

Continue to get the essential medical care you need. If you have a medical emergency, **call 911**.
