- more images of nyc to set up the environment

View from dorm window

- merge to white lines on black background
- movement of flowers ~3 screens

white flowers
emphasis on white
(high contrast??)

- closeups on hands, focussing on the palm and fingers (where we use to touch)
- different angles
- ~3 images
- then merge to white lines on black background from image — free movement on hands (~5 seconds)

* each screen = ~1 second unless specified   ● 2 seconds   ● less than 1 second
* immediate transition between images (no effects)
* black background to fill screen
* all photographs taken under natural sunlight

white lines on black background

movement 1-3 screens

close up of sweat of skin

skin sticking together

* each screen = ~1 second unless specified   ● 2 seconds   ● less than 1 second
* immediate transition between images (no effects)
* black background to fill screen
