Topic Idea

I found this podcast online called Darkode that's related to cybersecurity. Two people sat down with a ransom cyber attack victim and talked about the whole experience.

CYBERSECURITY

Inspiration

- ❏ VICE media
- ❏ Google
- ❏ Research articles, journals, primary source...etc
- ❏ Youtube

Questions

- ❑ Is computer still safe to use?
- ❑ Are we being surveillance?
- ❑ To what extent should we expose our information online?
- ❑ Is cybersecurity a threat to us?

Seminar

My seminar paper also targets the same problem: cybersecurity, but the paper will explain the infrastructure; laws; policies; regulations and the economics behind cybersecurity.

Final Iteration

It will be in a video format.
