

Adobe Illustrator
Setting up your files

Make a folder on your laptop called **Drawing-Imaging**.

In this folder, make a folder called **“Figure Drawings”** and put the drawings formatted in Photoshop for this project here. Make another folder called **“Silhouettes”** put all silhouettes made in Illustrator for this project here.

1. Open Illustrator, Choose File > New
 (Command-N)

2. Dialog Box comes up: New Document

Name your files: **Silhouette 1_Your_Name**

Document Setup: **Number of Art boards: 1**

Size: Custom

Width: 8 in

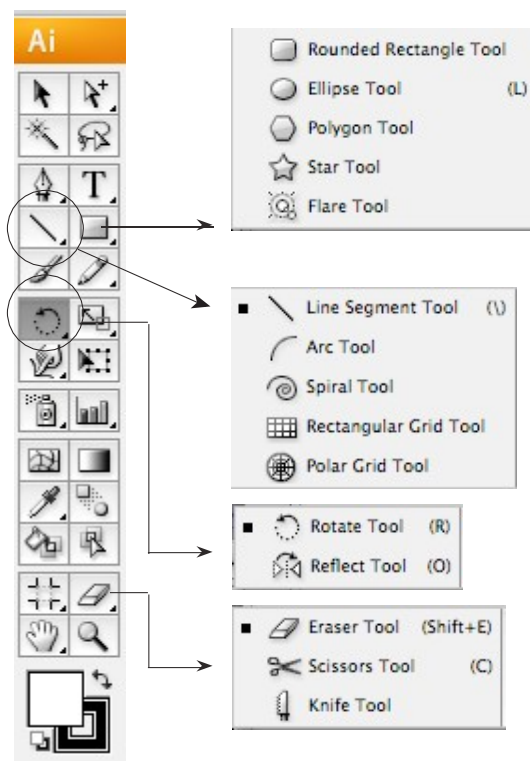

Height: 8 in

Color Mode: CMYK (final project will be printed and we will use rich black)

3. Tools:

- Selection Tool
- Type Tool
- Rotate / Reflect
- Scale
- Magnifying Glass
- etc.

Many have multiple tools:

(continued)

4. **Illustrator Menu** (at top):

Control Bar – Measurements / Type (changes depending on tool you're using)

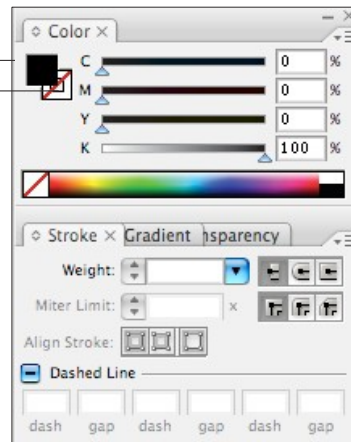

5. **Rulers** (Command-R) (or View > Show Rulers)

6. **Palettes**

a. **Color:**

Fill
Stroke

← **Options**

b. **Stroke/Gradient/Transparency:**

7. **Selecting and moving objects**

- Use Black Arrow to move object
- Click on an object to select it
- Click and drag to move it
- To select multiple objects, hold down shift key while clicking objects (or drag from outside objects around all of them)

8. **Creating Silhouettes from your drawing with the Pen Tool.**

- Place your first figure drawing on the art board, make it as large as you can. Use the constrain tool.
- Choose a 1pt. black stroke with no fill.
- Begin to create an outline using the pen tool.
- Use as few anchor points as needed.
- Then use the anchor point tool and Bezier curves to correct the drawing.
- Now you may select and delete original drawing.

9. **Repeat five times**

- Remember to each new silhouette files: **Silhouette 1_Your_Name.**
- Make a new folder called "Silhouettes.Jpeg"
- Export each of the Silhouettes as jpegs, choose to make these RGB as they will be for web only
- Begin a post to L.P. called preparation six plates
- Include 5 figure drawings and 5 silhouettes. Also scan (in the library) your 24 thumbnail drawings. **DUE: Monday at Noon.**
