Know your place.

Assume your role.

Repeat the practice.

Memorize the doctrine.

Accept all responsibilities.

There is no beginning to what there is no end. Recall this universally fundamental truth.

Understand the discipline and devotion are unrewarding. Symphonize an efficient manner of practice.

Transmit the message until the very end.

Transcend the cycle. Inexhaustible, uncontrollable.

Mesmerizing generations and generations across the ages. Eternally elusive you cannot commence when you cannot end.

Honor the right of passage which has been left before you. An enigma which will not have an answer for the foreseeable future. Value what each carefully predetermined step has to offer. Essentially you will know no more at the end than the beginning.

For what is really marks the conclusion? Any one can answer this. It doesn't matter if the answer is correct. This too is transitional. Hope it will be remembered and not fade with the distance of the light.
