ABOUT THE TICKET ACCESS PROGRAM

We believe that access to art is a right and not a privilege. By minimizing economic and social barriers to entry, we hope to create a warm, welcoming space for innovation and unique artistic experiences for all of our neighbors and fellow New Yorkers.

While we strive to offer accessible ticket pricing, including \$10 exhibition tickets for all visitors (and free admission for children / teens 18 and under, CUNY students, and NYCHA residents), we recognize that our regular prices may be prohibitive for some people. The Ticket Access Program (TAP), which provides free and deeply discounted tickets to Shed programs, is central to our vision of social activism and inclusion.
