

Product Design
Parsons New School of Design

MAN YUET NG

ABOUT ME

- Educated at Dulwich College Beijing before Parsons the New School for Design.
Courses I took that helped me to gain more knowledge at Product Design:

- Design Technology
- Visual Arts

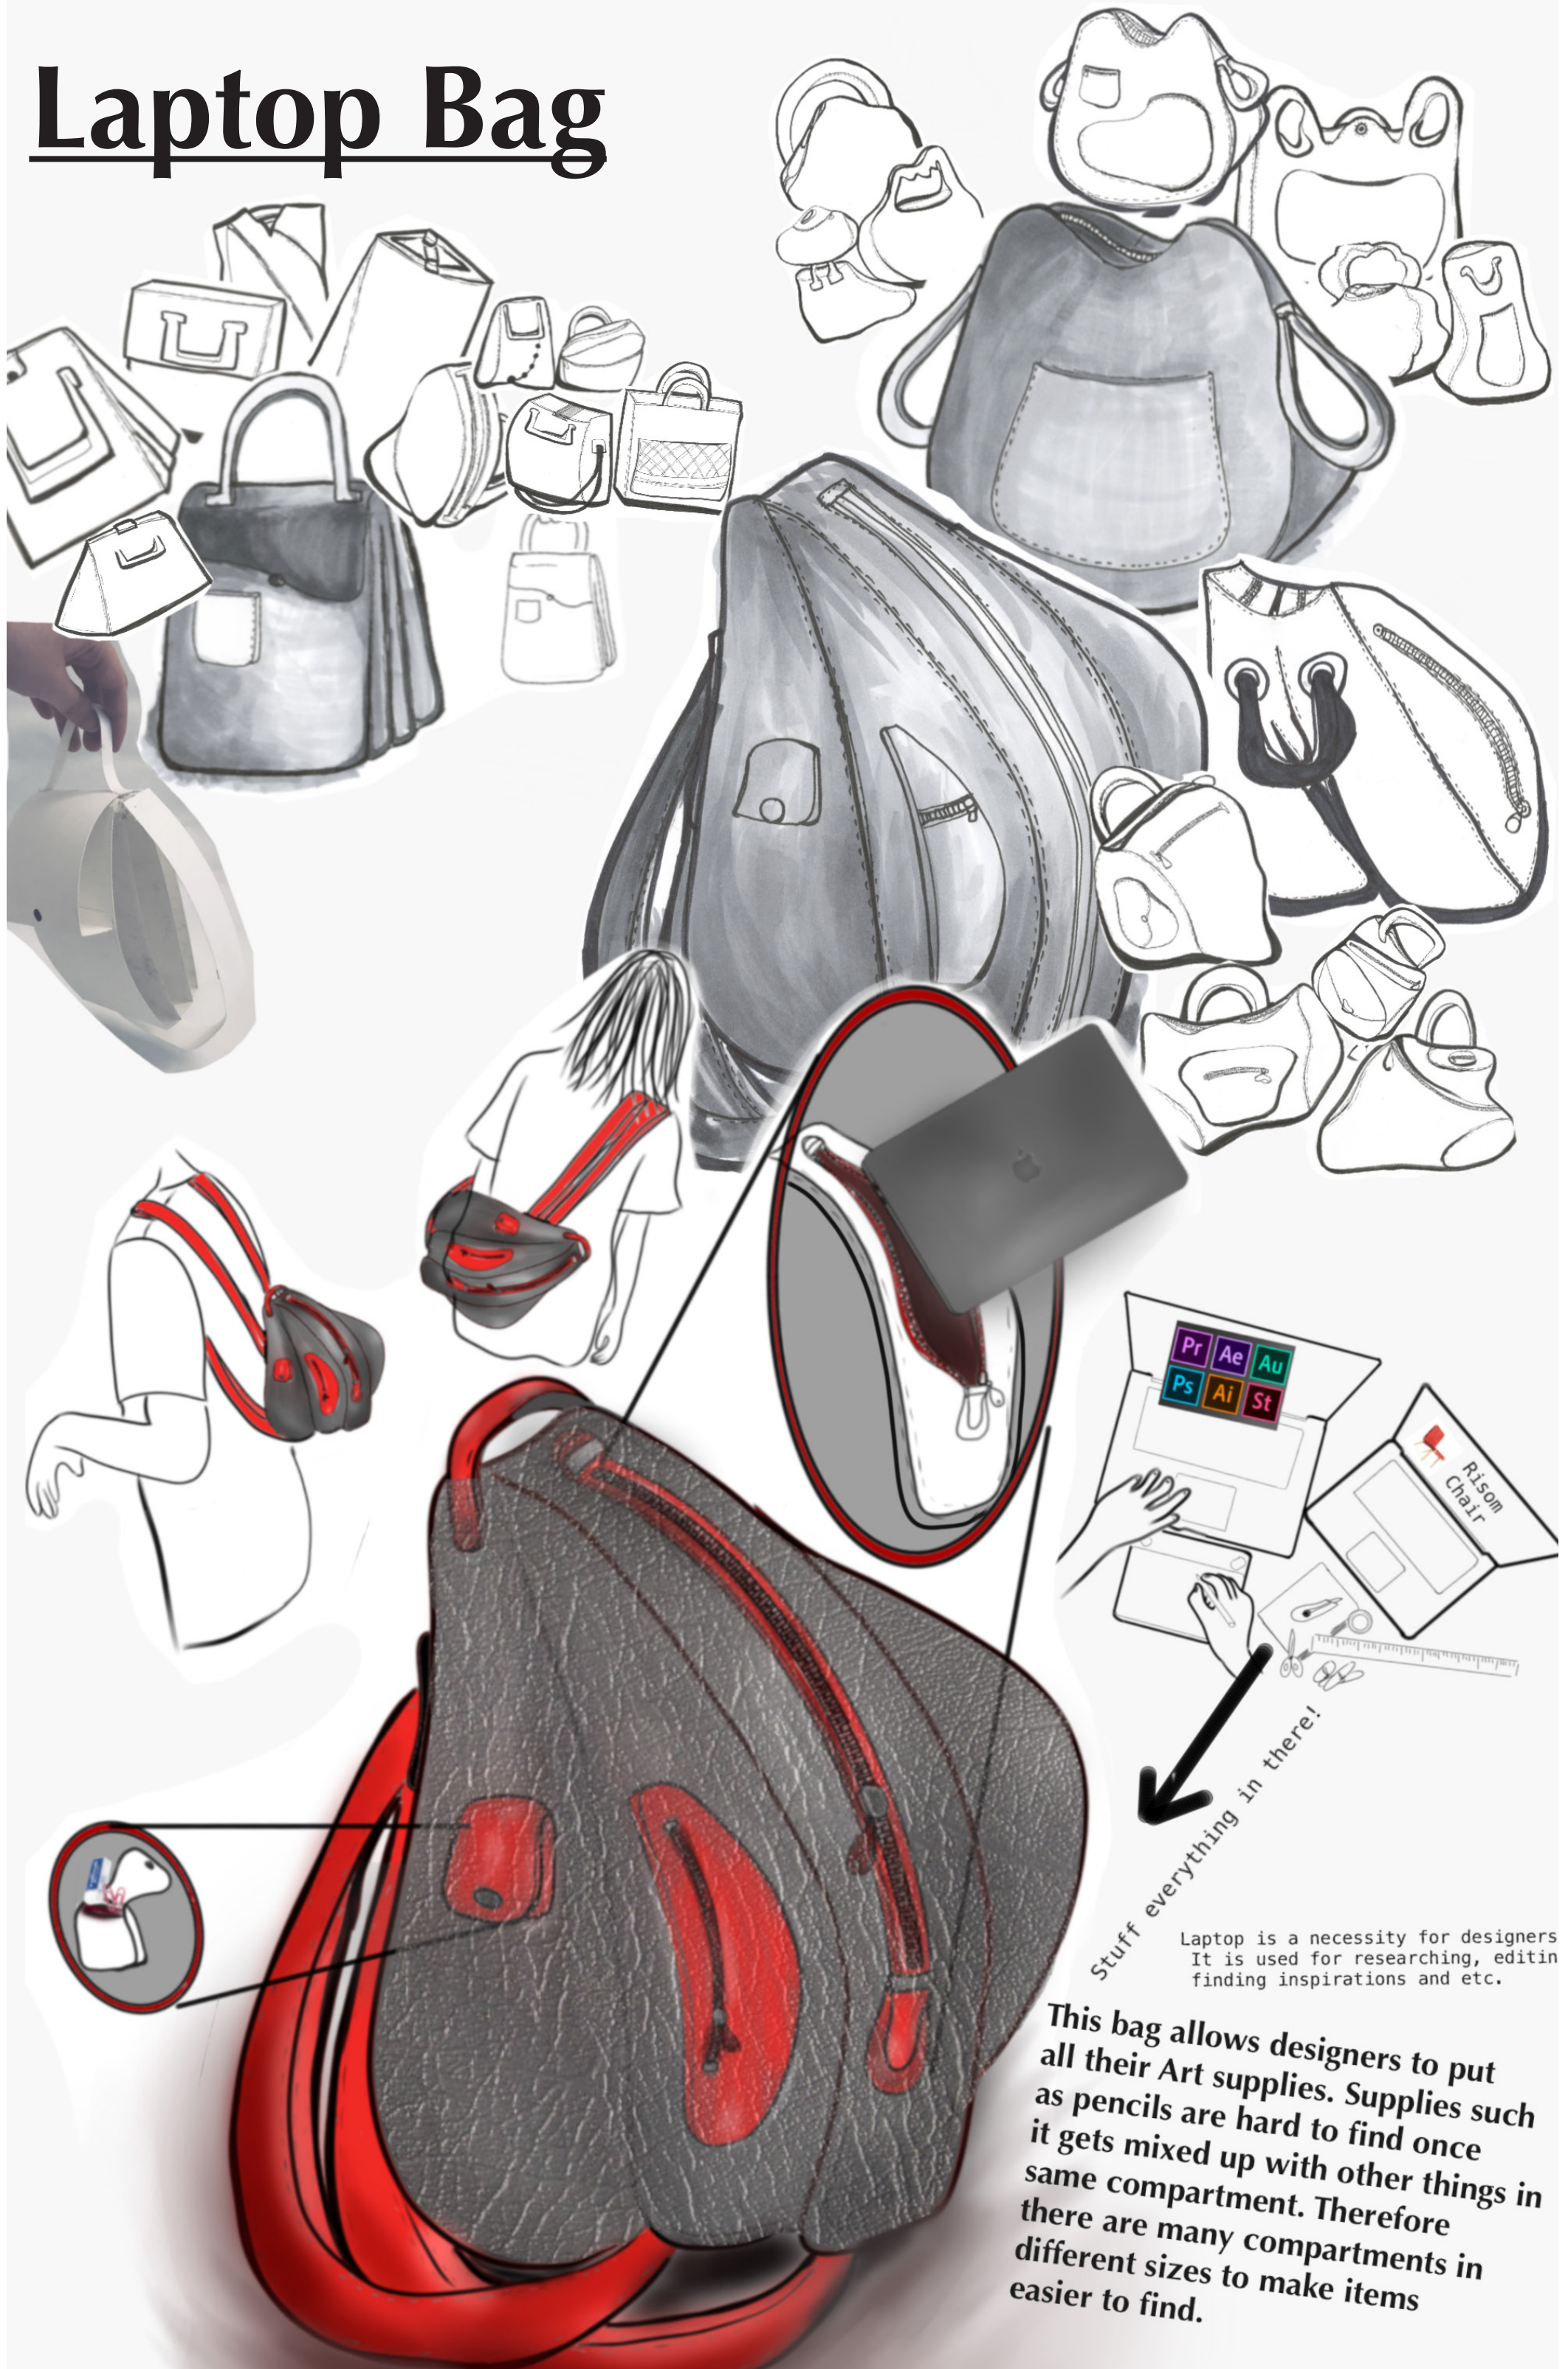

- Both of my artworks entered in the first United Nations “No boundaries” competition were exhibited at UN Headquarter.

- Volunteer work enthusiast, taught Art to migrant students and orphans many times.

Laptop Bag

Stuff everything in there!

Laptop is a necessity for designers
It is used for researching, editing
finding inspirations and etc.

This bag allows designers to put all their Art supplies. Supplies such as pencils are hard to find once it gets mixed up with other things in same compartment. Therefore there are many compartments in different sizes to make items easier to find.
